[FISH RESOURCES](#)

TROPICAL FISH SECRETS (AUTHOR: SEAN LEMAY)

This is the most popular guide for tropical fish lovers. The price of this book is so reasonable it will shock you!

<http://www.information-products-masters.com/alc-tropicalfishsecrets.html>

Sean le May, the author of this ebook, has been passionate about tropical fish for over 30 years!

To help you decide if "**Tropical Fish Secrets**" is for you or not, here's a **sneak peak** at some of the secrets revealed in it:

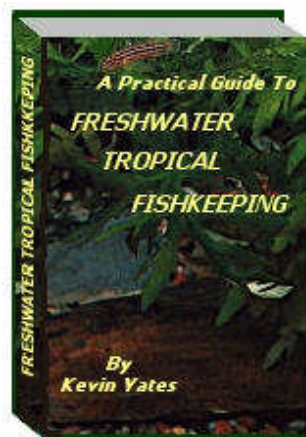

- What type of aquarium is best for YOU--**saltwater** or **freshwater**.
- A **little-understood secret** that will **keep the water in your aquarium crystal clear**.
- **3 easy steps** you need to do every day—that **prevent BIG problems down the road**.
- The **6 special rules** you **NEED** know to **prevent you from accidentally killing your fish!** Look, fish don't live forever but you don't have to end their lives prematurely. There's nothing more heartbreaking than seeing your kids cry as you flush their favorite fish down the toilet -- especially when it's your fault! Learn this basic information or suffer the consequences.
- The **number one thing** you need to do before you set up your new aquarium.

- How to **buy the best fish--6 things to look for** when stocking your aquarium.
- How to **know exactly how much to feed your fish.**
- **Inside secrets** to help you avoid a “cash grab” by pet stores—this point alone can save you upwards of **\$100.**
- How to **keep your water warm, reduce heat loss and save money,** all at the same time.
- Which **foods to avoid because of parasites.**
- **Easy tactics to control water chemistry.** You need to know this stuff or your fish could get sick even if your aquarium looks great. But don't panic. You won't need a white lab coat. This isn't your typical high-school chemistry lesson!
- **Where NEVER to put your aquarium.**
- Fluorescent or incandescent lighting? Learn which is best for your chosen set-up.
- **When exactly to introduce fish to your NEW tank--**if you don't know this they might not make it.
- How "**drip loops**" can keep you and your fish from getting fried.
- **How to keep your fish in the tank. (Some fish will jump right out!** If your child finds it a few days later ... you'll have some explaining to do!)
- A **simple strategy for establishing and maintaining a saltwater REEF tank!** If you don't know anyone who has attempted to set up a tank like this you have no idea what a nightmare it can be...
- The **minimum sized tank you should begin with.**
- Bigger IS Better ... in the fish world ... size does matter! Find out what the heck I'm talking about!
- ...**AND MORE!**
