ABOUT DE OUDE HUIZE YARD RESTAURANT

Creating something new comes easier in a house that you love! For us it's **De Oude Huize**, the place where we know every stone, every blade of grass, where we learned patience, developed taste, was taught the art of the palate and creative cooking. While respecting the traditions of our grandmothers, we improve leg of lamb en crouete, roast duckling with olives, pears with blue cheese.

De Oude Huize is housed in the main building, a **145-year-old** house. It has been built in the **traditional Cape farmhouse style**. The walls are about 400mm wide and built with unbaked mud bricks. Oregon floors and doors are typical. Originally the floorboards were installed on **Yellowwood beams** that were harvested in the **Platberg**. We can **accommodate 30 people** in and out of the building.

The menu changes daily depending on fresh produce that's available. We grow our own vegetables and herbs.
